

PRAYER & PRAISE

- Praise God for the 2 new believers in our church!
- Pray for more men in the church.
- Please pray for the coming months as we have several projects and workshops! (see pg. 2)
- Thank you to those who joined our financial partnership team! So far \$250 of the \$400/month we sought to raise has come in. Praise the Lord!
- Please pray for our fridge... it is broken and repairmen are hard to come by, living out of town. We are currently using the church fridge...Praise the Lord for that! It is our 2nd fridge to break down since moving here. We can not afford to go out and buy a new one every year :)

We enjoyed the sights of the "Bungle-Bungles" on our way home from Western Australia! Clockwise from Left: Jared, Cheri, Alice, Cameron, & Bethany

Mull-et Over!

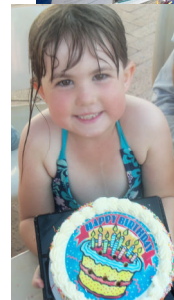

AUTUMN, 2011

Kimberley Trip!

We spent the first 5 days of our camping trip (July 15 -29) at Kununurra, for a Christian Convention. Margaret, our team leader, was able to share about AuSIL (The Australian Society for Indigenous Languages), and the work with Kriol. After that, we went to Halls Creek and Fitzroy Crossing, meeting with pastors to promote the Kriol materials.

While in Halls Creek, we saw the "mini China wall!"

Alice celebrated her 6th birthday in Kununurra at the local pool!

One of my favourite parts of ministry is studying the Bible with folks. Sabi Mowa Blanga Godwei (Know More About God's Way) is a workshop AuSIL has in Kriol helping men and women to learn more about the Bible and God. It also helps them develop materials to reach out to their own communities and families. This past SMBG (Aug 6-12) was run in Weemol, an indigenous community about 4 hours from Barunga, via dirt roads. :)

Baptism Service at the River

Jared was asked to baptize Mari and Chiyo (far left).

Praise the Lord! There are some new believers in the Barunga church! One of them was baptized on Sunday, September 18, along with another lady who has been a believer for awhile but never been baptized.

Suzinna, playing guitar, and Jocelyn (L) singing in celebration!

Lord Willing...

Luke Recording Again!

Though the Luke DVD recording is finished, we are now hoping to finish recording for the audio version of the Bible. **Please pray the man who was Jesus in the DVD would be available to record when our "recordist" is back in town. Thank you! :)**

Alice & Bethany with friends at the baptism.

Downstairs Apartment

There is a studio-type apartment below our main house. It is not in usable condition yet, but could be well used for housing people for workshops as well as visitors from home (hint). **Please pray for us as we "fix it up".**

Our team member, Rachel, works alongside **YWAM** groups coming to the Northern Territory. Very soon (Sept 24-30) she will be hosting one more group. The team will head to a community 30 minutes down the road from us. The theme of the week is "Loving One Another". **Please pray for this week to be glorifying to God, and for us to help to Rachel, as needed.**

Jared's 30th Birthday, eating cheesecake with the fam :)

SMBG in Barunga!
Please pray for us as we plan and carry out the workshop to be held here at the Barunga church, around November 3-12.

Isn't God's creation beautiful? The "Bungle-Bungles"

The **Truth** of the Gospel & God's Word needs to be taught in a world (and even in a church) that opens itself up to lies. **Please pray for us, as we are both writing Bible Studies in response to questions from the church ladies.**

This coming Thanksgiving, we hope to visit some dear friends of ours who we met in Darwin during our first couple of months in Australia. Our kids are similar in age and love playing together. Their family has since moved to the east coast of Australia. **Please pray for a good visit over the holidays & safe travels (It's a LONG trip!).** We plan to treat them to pumpkin pie!
